Safe Deposit Vault, 36 East Washington Street.

Absolute safety against fire and burglar. Policeman day and night on guard. Designed for safe keeping of Money, Bonds, Wills, Deeds, Abtracts, Silver Plate, Jewels, and valuable Trunks, Packages, etc. Contains 2,100 boxes.

Rent \$5 to \$45 Per Year. DOHN S. TARKINGTON - - - Manager.

THE LIVE STOCK MARKETS

PRIME CATTLE SCARCE, SELLING AT ABOUT PREVIOUS PRICES.

Hogs in Fair Demand and About Ten Cents Higher-Sheep Quiet-Condition of Markets Elsewhere.

UNION STOCKYARDS, INDIANAPOLIS, 800. For the week thus far the receipts have been just fair, showing a decrease of 500 20,246; sheep, 10,961. Shipments-Cattle, 3,210; hogs, 2,864; sheep, 2,860. compared with the same time last week and an increase of only about 100 over the corresponding time a year ago. The receipts grades; bulls and cows strong. Steers, \$5.400 to-day were just about the same as a year | ago. The market opened with practically like per pound, dressed weights; refrigerator beef higher at 12c per pound. Exports, 750 cattle regular local buyers in the field, but the 1.512 sheep and 2.500 quarters of beef. there was not much inquiry from outside sources. On account of the continued scarcity of choice stock the bidding for that class was rather lively, and from the start the offerings that answered the requirements were changing hands promptly at | weights. State hogs, \$8. steady to strong prices. Sales of strictly substituted for better grades, and sales | represented a shade stronger prices than tive. those current the past few days. The very s no improvement whatever to report in the price, but most dealers claim they are holding their own. There was a fair country | \$508; cows and heifers, \$305.50; Western steers, demand for feeders, but the supply was too feeders, \$2.73@5.25; calves, \$266; bulls, stags, small to interest buyers to any extent, and | etc., \$2.50@5.25. there were no new features developed in lower. the market. Steers sold as high as \$7.75, and the top price for heifers and cows was \$5.25.

calves20.00@30.00 Hogs-Receipts, 7,000; shipments, 2,400, at \$667. Combined receipts of hogs for five days show a gain of 6,510 compared with the same time last week and a decrease of 2,000 compared with the corresponding time a year ago. On account of the holiday there is no comparison to be made with a week ago, but the receipts to-day were almost 2000 larger than a year ago. The market opened with a continued active demand from all sources for good hogs averaging 140 to 170 lbs, and on account of the strong competition they sold at irregular prices, but for the most part were considered fully 10c higher than yesterday's average. Occasionally, in cases where the quality cut some figure, sales were believed to be anywhere from 15c to 20c higher, while in instances where the quality was not so good there was probably not to exceed 5c advance. The next grade of hogs, avfrom 180 to 195 lbs, were probably 5c higher than yesterday, but there was very little competition for the good weights and no improvement whatever in prices. In fact, it required considerable work to get steady prices in some cases. With both packers and shippers buying the supply was exhausted and the market closed about steady at current prices of the day. Sales ranged from \$7.40 to \$8 and the smallest proportion of the

supply sold below \$7.65. Quotations:

week show a little decrease compared with the same time last week and over 2,490 compared with the corresponding time a year ago. The receipts to-day were small, showing a slight change compared with a week ago and a decrease of 1,600 compared with a year ago, when nearly 1,200 goats were included in the arrivals. On account of the small number on sale, there was no really urgent demand developed, but the inquiry was fully equal to the supply, and all sold in good season on a basis of steady prices compared with those current the past few days. Shippers were the principal buyers, but there was a fair demand from local butchers, and the market closed in apparently a healthy condition. Lambs, as to quality, sold from \$4.75 to \$6 and culls to good sheep from \$2 to \$3.50. There were not enough yearling lambs to show the true condition of the market, but they probably would have sold on a basis of prices quoted. Quotations: .\$3,5026.00 Good to fancy yearlings 3.75@4.00

Common to medium sheep...... 2.00@3.00 Stockers and feeding sheep...... 2.00@3.00 Bucks, per 100 lbs...... 2.00@2.50 Transactions at the Interstate Yards. INTERSTATE STOCKYARDS, INDIANshipments, none. The market was

barely steady. Quotations: Good to choice steers, 1,350 lbs and upward Plain fat steers, 1,350 lbs and Good to choice 1,200 to 1,309-lb Plain fat, 1.100 to 1.300-lb steers.... 5.65@ 6.15

PAN-AMERICAN BILLS.

Treasury Department Devises a Plan

for Their Payment. WASHINGTON, July 11 .- The Treasury Department has perfected a plan for the Capital National Bank... payment of the claims against the Pan- Central Trust Company American Exposition Company to be paid Indiana National Bank .. out of the appropriation of \$500,000 made in the general deficiency act. By the terms of the appropriation payments are to be made pro rata on claims for "labor, material, services and other expenses," and no payments are to be made to stockholders or to pay any claim secured by mort-

gage. The claims to be pro rated aggregate about \$640,000. The claims are to be filed and audited at the Treasury Department and the warrants drawn in favor of the individual claimants. These warrants are to be delivered through, and receipted for, by John G. Müburn, the president of the exposition. In this way the necessity for Mr. Milburn T. B. Laycock Mfg. Co., 6 p. c. pref. giving a bond will be avoided. This is the plan which will be submitted to Mr. Milburn for his approval. Mr. Milburn is very anxious that no part of the appropriation shall be used in paying expenses incident to the distribution of the \$500,000, but that e every dollar of it shall go to the creditors

PRICES OF STOCKS SINK

THOSE THAT WERE CONSPICUOUSLY BOOMED DECLINE SHARPLY.

Large Shrinkage in Cash Reserves in New York-Exports Lower than Any Time Since 1898.

NEW YORK, July 11.-Opening prices this morning were at the highest level of the day. There were striking advances Common to medium yearlings..... 3.25@3.60 | afterward, notably in Rock Island and Missouri Pacific, but these proved unavailing to sustain the general market, which sagged slowly and steadily throughout the session. The majority of stocks closed lower than last night, and the declines were | 236,795 substantial in such stocks as New York Central, Chesapeake & Ohio, Chicago & Northwestern and others which have resteady on all grades. As usual, cently been prominent in the rise. The the only real demand is for desirable spurt at the opening was due especially to kinds. Grassy stock is not wanted, as there | the encouragement felt on account of the is no outlet for it. The calf market was government's monthly crop report, especially in respect to corn, which had a stimulating effect on the demand for the graincarrying roads. But it became plain at 6.00@ 6.50 once that the buying was conspicuous only in Unlor Pacific and Rock Island, which stocks are peculiarly associated with the bull leaders of the market. Atchison and the other Pacifics did not move more than

> The perspective of to-morrow's bank the crop report. The heavy movement of currency to the interior has been the subject of activity all the week. The subtreasury operations promise to bring the decline in the cash reserve up to nearly \$5,000,000. The report of June exports of domestic products explains the continued scarcity of foreign exchange bills, which, stocks for London account, necessitates the ers to borrowers. Exports of domestic from June of last year. In fact, it is neces- a cocomplainant in the action. Hopkins to go back to July of 1898 to find a month in which the exports of domestic | suit. products have been as low as the past month's \$40,627,282. All the items except mineral oils show decreases, but the cutting in half of the breadstuffs exports shows clearly where the principal shortage is. The market closed dull and easy. Bonds were dull and irregular. Total

JULY CORN AT 85 1-4 CENTS

CONTROLLERS NOW SAID TO BE BUYING SEPTEMBER OPTION.

Reports of Damage to Wheat in the Shock Counteract Effect of Good Weather.

CHICAGO, July 11 .- Excellent weather, combined with weak cables, caused weakness in wheat to-day at the opening, but \$12.1212. Whisky-Distillers' finished goods steady large business in fall lines already booked. continued reports of damage to the grain in the shock brought about a rally and September closed % @%c higher. September corn closed 1@14c higher, oats were 362c | dull but strong; cash, 48c; July, 441c; September, higher, while September provisions closed unchanged to 21/2c lower.

Owing to favorable weather and lower quotations from Liverpool there was a short-lived pressure of offerings of wheat at prices slightly under yesterday's closing. A brisk demand, however, due to reports from the West and Southwest of predictions of rain, quickly brought about a stronger feeling, and the close was decidedly bullish. September opened 1/2 to 1/4@ 4c lower at 73c to 734 @734c, advanced to 74%c and closed strong and %@%c higher at 74%c. Seaboard clearances of wheat and flour were qual to 265,000 bu. Primary receipts were 591,000 bu, compared with 985,-000 bu a year ago. Local receipts were 70 cars, with three of contract grade. Minneapolis and Duluth reported receipts of 247 cars, making total receipts for the three points of 317 cars, against 279 a year ago. Trade in corn was not heavy, but after a weaker opening, caused by increased receipts and good weather, the market was strong. The leaders in the movement in the July option were credited with buying considerable September, but trading in July was limited. September opened a shade to 14@%c lower at 60%@61c, and after selling up to 624c closed strong at 62c, a gain of 1@1%c. July opened 1@2c higher at 83@84c, advanced to 86% early, then declined gradually, closing with a gain of 31/4c at

854c. Local receipts were 287 cars, with 52 of contract grade. Oats were heavy on good weather and a better government report than had been anticipated at the opening, but, in sympathy with wheat and corn, prices rallied. Trade was only moderate, and offerings late in the session were light on predictions of rain in Iowa and Nebraska. Sep-

receipts and lower prices for hogs at the for futures. Lead was quiet and steady here at | 20.6 per cent. above those of 1900. yards, and, considering the amount of \$4.12%. London was quoted at £11 6s 3d. Spelter realizing sales of lard by some longs, the remained quoted at \$5.12% and firm; London was market exhibited remarkable firmness. The | unchanged at £19 2s 6d. Trade in iron has highest price of the season was reached tapered off considerably of late and the tone is to-day in lard, and the high figures naturally caused considerable realizing, with a consequent decline. September pork foundry Northern, \$21622; No. 1 foundry South-closed 23c lower at \$18.70 after selling be- ern, \$21.50@22.50; No. 3 foundry Southern soft, tween \$18.85 and \$18.80. Lard closed un- \$31.50@22.50. European markets reported changed at \$11.15 after a range between | declines. Glasgow closed at 56s Id and Middles-

\$11.10 and \$11.2212. Ribs were a shade lower | boro at 50s 714d at \$10.8216@10.85. Estimated receipts for to-morrow: Wheat, 105 cars; corn, 320 cars; oats, 120 cars; hogs, 17.000 head. Leading futures ranged as follows:

BUSINESS OF PAST WEEK

REVIEW OF BRADSTREET AND R. G DUN & CO. AGENCIES.

As Usual, Reports of Crop Damage Prove Exaggerated-Big Demand for Iron and Steel-Clearings.

NEW YORK, July 11.-Bradstreet's to morrow will say:

Warmer and more settled weather in

many sections has helped seasonable trade | Terre Haute and Mattoon accom. earlier reports of grain crop damage from rains were rather exaggerated. Among the industries, iron and steel still rank first. The chief source of complaint is the scarcity of coal and coke, limiting pig iron production at a critical period. The labor situation has rather improved, if anything. Railway earnings thus far reported for June (the anthracite roads excepted) show an aggregate gain of 8 per cent, on last year, and all reports as to probable crops and trade point to a heavy tonnage. The strength of food prices, particularly cereals the highest prices paid for ten to twenty pay the prices ruling in the past year is prevailing among all classes. A further from all parts of the country of enormous passenger traffic by rail and water during

Failures are down to a low summer minimum. It is a significant fact, in view of recent crop-damage talk, that the government report for July shows that winter wheat, oats, barley, rye and hay all improved in condition during June, and spring of corn seems measurably within sight, in view of the Agricultural Department report that most of the leading States are above from 2,600,000,000 bushels for the crop, a

total never hitherto reliably estimated. The has never yet been equaled. The barley, Trade in seasonable goods at wholesale has been restricted, but warmer weather has helped retail business. Fall business has been of good proportions at the West, and clothing and shoes have done especially well at St. Louis. Shutdowns of Schuylkill, Lehigh, Mahoning and Shenango valley furnaces, because of lack of fuel, reduced the volume of iron production when their full production could be advantageously handled. Rails are in un-

precedented demand, and 50 per cent. of the country's production for next year has already been arranged for. In structural shapes and other heavy forms the demand is eager, and six months' production is on the order books. Import arrivals of iron and billets are large. In some lines, however, notably in tin plates, wire sheets and bars, business now is slack. Hardware is in very active sale, a feature being the Cotton goods are quiet at the East, after the recent price revisions. Some business for export to India is reported, but Chinese trade is quiet. The Eastern woolen goods trade is in quite good shape. Wool is firm and working higher and spring woolens will, it is expected, open 5 to 10 per cent, higher. Lumber is rather less active than of late, white pine particularly so, but stocks are small and no great decline is predicted.

Preliminary returns of export trade for the fiscal year shows the smallest exports of breadstuffs for four years past, due to the shrinkage in corn and oats, more than off-setting probably the largest wheat shipments on record. High prices for cattle checked exports also, but provision shipments have broken all records. Cotton exports are 7.5 per cent. below last year's record-breaking total, but petroleum exports were never before equaled. The aggregate of the exports of breadstuffs, coal and provisions, cotton and petroleum is 16 per cent. below last year, but still 1 per cent. larger than two years ago, which was up to that

time the greatest ever recorded. Wheat (including flour) exports for the week ending July 10, aggregate 4,404,115 bushels, against 3,311,215 bushels last week and 5,016,149 bushels in this week last year. Wheat exports since July 1 aggregate 6,-009,115 bushels, against 7,541,241 bushels last season. Corn exports aggregate 185.131 bushels, against 127,969 bushels last week and 2,800,738 bushels last year. For the fiscal year corn exports are 249,115 bushels. against 4,294,686 bushels last season. Business failures for the week number 195, as against 138 last week and 199 in this week last year.

R. G. DUN ON TRADE.

High Prices Offered for Corn Show Farmers' Reserves Are Small.

NEW YORK, July 11.-R. G. Dun & Co.'s weekly review of trade to-morrow will say: Good news predominates, although unfavorable weather proved a drawback at many points and new labor disputes arose. There is less than the customary midsummer idleness in manufacturing industires. spot at £53 2s 6d and futures at £53 7s 6d. Lo- ings thus far available for June average Provisions had a weak opening on large English market at £127 10s for spot and £125 10s 9.9 per cent. larger than last year's and

> Statistics of pig iron production on July i are somewhat surprising. According to possibly a trifle easier, though prices show no the Iron Age the weekly output was at a new high record of 352,590 tons, notwithstanding the shortage of fuel. In steel the situation is mixed, heavy lines falling savannah further behind orders, while several of rod, wire and nail mills in the Pittsburg region have shut down for the usual vaca- | Memphis ... tion. Structural steel and railway supplies are urgently sought, so much more business being placed that activity is assured well into 1903. New England shoe shops are more

fully engaged than at any previous time this year. Union leather is firm, but domestic buyers are taking little hemlock. the best inquiry being for export. Upper | Des Moines nothing doing. Rosin steady at \$1.10@1.15. Crude | leather is active at the West. A large purchase of packer hides has strengthened the tone at Chicago, while Texas hides ar-OIL CITY, July 11.-Credit balances, \$1.22; cer- rive more freely and concessions are made. Export orders for cotton goods are disappointing, and the home demand is quiet, yet mills are well occupied. At the South there is a disposition to delay spinning until the new crop begins to move and this tendency is also reported in England. In woolens the best feature is the reorder Brought with Peculiar Force to a business in heavy weights, quick delivery being desired.

Corn has again been the prominent feature of the markets for domestic staples. Speculators at the West secured control of the six million bushels in the visible sup- noble birth who was shipped out of France ply, and compelled the short interests to in a barrel to save him from the headcover contracts at disastrously high prices, Farmers' reserves are evidently insignificant, for attractive prices do not bring hallowed to her by the associations of more out even a fair volume of receipts. Wheat than two centuries, She is waiting in the was quiet and strong and exports from all ports of the United States only 2,250,029 house at New Springville, S. L., where her bushels compared with 4,353,736 bushels a forefathers lived in luxury, for the sum-

Liabilities of commercial failures for the the age of sixty-three to begin life anew. first week of July amounted to \$1,570,358, of The property, consisting of 110 acres of which \$482,048 were in manufacturing, \$636,- land and the old homestead, was sold for 416 in trading and \$450,694 in other lines, \$10,905, to satisfy a mortgage held by the Failures for the week numbered 193 in the trustees of a church fund. United States against 208 last year and nineteen in Canada against twenty-seven a year ago.
